For diverse growth

- **Geographically**, supporting regional chairs, beginning with an online induction to set them up for success, and working with other EYL and YL officers to support the regional committees.
- **Internally**, activating current members by holding phone banking sessions, with a focus on underrepresented groups, encouraging them to get involved in YL and LD party bodies.
- **Demographically**, working with REDL, ADS and Diversity committee to make EYL events more inclusive, and to improve diversity of our elected positions, both internal and external.
 - "Josh is a diversity champion. I'm impressed with his enthusiasm & commitment to promote diversity and inclusion in EYL" - **Arthur Wu**, Former BAME (now REDL) officer & YL International Committee Member

For a strong voice in the English Party

- **Protecting EYL's funding in the next budget** and pushing it to increase where possible using expected growth to justify it.
- **Supporting YL candidates in upcoming EP elections** and working with EC reps to make our impact stronger as a bloc.
- **A greater focus on youth recruitment**, pushing and helping the English Party to get key areas to reach out to young voters.
 - "The Young Liberals are a key part of the English Party, and I know Josh has the momentum to keep delivering great things for EYL and the Lib Dems" - **Lucas North**, Chair of the English Party & YL Events Officer

With varied experience
