

Tim Macy for EYL Policy and Regional Engagement

Twitter - @TimMacy55

email – tmacy406@btinternet.com

Experience:

- West Midlands Regional Chair since 2023.
- President of Warwick University Lib Dems since 2023.
- Candidate in every set of Local Elections since 2022.

Skills

- As a two-term Regional Chair and branch president, I know how our regions operate both at full scale and on the ground.
- I know what it's like to fight elections both as a candidate and as a campaigner. I want to support regions to campaign in the way that works best for them.
- My proven success with Warwick Lib Dems – bringing it up from a society of three members to regularly having events attended by thirty people, and winning the YL Best Branch award along the way - shows I have the skills to organise and motivate members on a variety of things.

Pledges

- Policy is one of the main ways members can get involved with YL, and that YL can influence the party itself. We need to look after this process to ensure it can flourish. I will work with Policy Committee to ensure that EYL members are supported and encouraged to submit policy at YL conferences and to make sure that we continue YL's fantastic record at federal conference.
- I also want to work to improve the diversity of our motion submitters. Following previous Conferences, I hope I can help Policy Committee to give more support to first-time submitters and those without a YL role.
- Regional conferences are a fantastic tool for YL to be seen by the wider party. I will work to make sure that every one has a stall and, if possible, has a YL policy submitted for debate. I will also work to sort out new regional conference kits and fight for access funds for regional conferences.
- I will work with Regional Chairs to ensure they know how to engage their membership and appoint effective regional executives to ensure YL has the best opportunities to fight the 2025 Local Elections.

Photo of me reading the 2024 manifesto, For a Fair Deal, looking very thoughtful. It is captioned “here’s me doing policy.”

Photo of me running a stall captioned “here’s me doing regional engagement.”
