

Tim Macy for Events Committee

Twitter - @TimMacy55

email – tmacy406@btinternet.com

Experience:

- West Midlands Regional Chair since 2023.
- President of Warwick University Lib Dems since 2023.
- Attendee at every YL Conference but one since Edinburgh 2022
- Attendee at Brighton 2024

Past successes

- I have dealt with events at all sorts of levels, from previously helping out with setting up YL Conference, to organising regional and branch socials and attending West Midlands regional conference in 2023.
- This year's Freshers Week at Warwick was particularly successful, with all our events attracting around and above twenty people. I also ensured the week culminated in a visit from an MP speaker and supervised the organisation of this.
- I also have a lot of experience in advertising events and making them accessible. I have led on implementing a sober exec at every social I run and have taken a keen interest in improving social media presences.

Pledges

- I will work to make sure that first-timers and those without a YL role get the most out of YL conferences. Having recently brought many first-timers to YL conference, I have many ideas about what needs to be improved.
- I will continue our excellent recent record of engagement with federal conferences, especially with policy and campaign outreach.
- I will lobby for conferences in easily travelable places (such as a Coventry conference) and work with the Events Officer and Committee to ensure that conferences are as accessible as possible and can be - and are - enjoyed by everyone.
