

A Bit About Me

I'm Samuel, (he/him), and I am running for the Chair of the Welsh Young Liberals (WYL). I attended Swansea University studying International Relations, where I re-established Swansea & Gower Young Liberals.

In the Young Liberals, I have been WYL Campaigns Officer, WYL representative to the federal executive, and most recently the Federal Young Liberals Fundraising Officer. In these roles, I have represented Welsh interests on the federal executive, having attended every meeting since I joined the federal executive, and delivered new merch and improved fundraising efforts.

Experience

While chair of the Swansea YL branch, I led on a range of campaigns including solidarity with Ukraine, trans rights, and supporting fundraising in the university food bank. Outside of university, I have run campaigning and supported local councillors, and I now work for David Chadwick MP. My society also took charge of a local by-election in Swansea, where I was the agent and the candidate was another student from the society.

Aims and Objectives

- Continue the hard work of Josh & Leena in their pursuit of giving WYL a stronger voice in the Party.

- Growing our membership, activating and supporting growth from the top down, and giving support to smaller branches, through design packs and helping to organise engaging activities in collaboration with the Branch Development Officer.
- Improving the connection of our membership through strong engagement with branches, engaging with calling online and when possible in person socials, I would also like to engage with visits to Branches supporting growth and membership development.
- Work with Cardiff Local Party to support a new YL branch
