

Abrial Jerram

for English Council

Experienced Scrutiny

I've been heavily involved in the party for at least 9 years and running campaigns for 7. I am a vice chair of Green Lib Dems, Campaigns Officer for LDCRE and Policy Officer for the North East Lib Dems and have been a member of English Council for the last year. I will use all this experience to find the right and effective questions to ask.

Securing English Young Liberals' influence.

I have served as a Regional Executive Officer for the last year and have been heavily involved in 3 different regional parties, as well as plenty of other party organisations which have members on English Council. I am willing to use to my experience and connections to help the English Young Liberals chair in their efforts to influence the running of the English Party.
