

Cormac Evans

South East Regional Chair

"I am running to be the South East Regional Chair, because I feel I can bring my experience of having worked in Campaigns for a year in the region. 2026 is an important year for the region, with crucial County Council Elections coming up - and I want to ensure that the Young Liberals are a part of any future successes."

I will:

Support Branches

The South East is an electorally important region for the national party, which is why we need to ensure that there is more of a presence at branch level from Young Liberals.

If elected, I would work constructively to provide support to fledgling branches across the South East by working with Local Party executives, the Regional Executive, English Young Liberals and Young Liberals more widely.

Support Campaigning

Having worked in Campaigns for a year, I know that Young Liberals can and do make the difference in many campaigns. As Regional Chair, I would work to enable action days to take place and help support Young Liberals candidates in upcoming elections.

A key priority of mine would be holding action days in the build up to the 2026 County Council Elections.

Advocate for YL

Regional Chairs sit on the Regional Executive, which is why I would advocate for YL at every opportunity during Regional Executive meetings.

A strong, credible, Young Liberal voice on Regional Executive is pivotal to ensuring that there is more support/recognition of the important role that we as Young Liberals can and do play across the region.
