

Maisie Kiff

For western Counties Regional Chair

Young Liberals 2025

A strong voice for our Young Liberals

I am standing to be your Western Counties Regional Chair because I believe our region has huge potential. With the right leadership, we can grow, strengthen and make our voices heard at every level of our party.

Why I am standing:

At present, our region doesn't have a dedicated Youth Officer. This has meant opportunities have been missed to properly organise, expand, and energise our Young Liberal branch. I want to change that.

With backing from multiple councillors across our region, I'm committed to working with them to set up an active, sustainable, and welcoming team. I already have a team of dedicated activists behind me, ready to support this work and ensure no Young Liberal feels left out.

My Experience:

I have worked and helped with countless canvassing sessions in the Dorset and BCP area.

I have experience coordinating

Young Liberals within BCP and Mid Dorset & North Poole, getting new people involved and turning interest into action.

I currently run social media for Mid Dorset & North Poole liberal Democrats, ensuring our message is professional engaging, and reaches the widest audience possible.

My Commitment:

I already sit on national committees and have spoken at Liberal

Democrat Conference. I know how to amplify the voices of our youth.

I'm highly organised, reliable, and committed. I already volunteer on a regular basis but would be able to take on an even stronger coordinating role in this position.

Most importantly I love working with people. I have had the privilege of working with incredible colleagues locally, including Vikki Slade MP, who has generously backed my candidacy.

My Vision as Regional Chair:

Expand & energise our Young Liberal branch with proper structures and regular events.

Support local parties by connecting enthusiastic young activists with campaigns that need boots on the ground.

Amplify young voices in rural areas, ensuring no one is excluded from contributing.

Build better communication between Young Liberals and both local and national parties.

"Since joining me for work experience Maisie has become an integral part of our local party. From data entry to deliverer recruitment, door knocking to social media, Maisie's enthusiasm, drive and desire to learn have been qualities that all of us in the local party have truly valued. Her empathy, knowledge and drive mean that she would make an excellent Chair of the Western Counties Young Liberals."

- Vikki Slade, MP for Mid Dorset & North Poole
