

## TARA FOR ENGLISH COUNCIL

Hello! I am Tara, a member of the Young Liberals, a trans woman and an activist. I am standing to be one of your Young Liberal representatives on the English Council.

### Fighting for Inclusion and Trans Representation

As a trans member of the Liberal Democrats, I know it is important that our voices are heard where decisions are made. Representation ensures the Liberal Democrats and the Young Liberals reflect the lived experience of young LGBTQ+ people across England.

### Active LGBT+ Liberal Democrats Executive Member

I serve on the LGBT+ Liberal Democrats Executive, where I have worked on campaigns for equality and support for trans and non binary members. I will bring that experience to the English Council to include diversity in party structures.

### Experienced Party Organiser

I am an executive member of my local Liberal Democrats party. I have experience with engaging new members and running campaigns. On English Council I will represent young members.

### My Priorities as Your Representative

Champion diversity and trans inclusion across Liberal Democrats structures in England

Support local parties to empower young activists and candidates

Promote transparency and accountability in how English Council decisions affect members

Keep the Young Liberals voices at the heart of strategy and party culture
