

Elect Your Next Federal Council Rep
Harvey Thomas-Benton

Making sure YL's voice is heard

I will be a strong voice for YL on the Federal Council, making sure we remain an important source of scrutiny on the Federal Board's decisions

Making sure YL's values exist federally

I have strong progressive and liberal values, which all YLers hold dear - especially pushing for inclusivity and diversity, from women's rights to LGBTQ+ ones. I will make sure those values are pushed on the Federal Council when we scrutinise the Federal Board

Making sure YL's members are included

I will coordinate with my fellow YL reps on Federal Council to make sure that we regularly report back to our members about our activities on the Federal Board. It is your voice we are meant to be amplifying on the Federal Council
