

Lib Dem support for carers in unwavering and one of our strongest policy points. This issue more than any other, makes me proud to be Lib Dem

I will continue ensuring that YL is as accessible to those with caring responsibilities as possible, while continuing to recognise everyone's experience of caring is different

About me: I am 16 and live in the wonderful Durham Dales, and am a part time carer for my disabled brother with physical disabilities and severe learning disabilities

Re-elect Cian for Carers
