For Under-18s rep in the Diversity Committee

About me

I'm 15, Autistic and live in the town of Huddersfield, Yorkshire.

I joined the Liberal Democrats after reading their manifesto for the 2024 General Election. I joined them because of their strong stances on important issues of our time like Trans rights and Proportional representation.

I want to be the under-18s rep in the Diversity Committee to make the Young Liberals a more accepting place.

My goals

- If I'm elected to the Diversity Committee as the Under-18s rep my first goals would be to try to promote recruiting under-18s to the Young Liberals. Under-18s are the future of this party. If we want it to survive we must do everything we can to convince under-18s to join our party.
- We need to promote more policies that affect under-18s in a positive way. For example, focus on school spending or making it easier for children who need it to get SEND, or get an appointment with CAMHS, which both take a lot of time at the moment. And I can confirm as someone who eventually got both of these.

Why me

You should elect me to be your under-18 rep for the Diversity Committee because of my determination to make the Young Liberals a better place for everyone. I would always show up to meetings and get as much work as I can do done. I will try my hardest to represent the under-18s in the Young Liberals and you will never see me snoozing off when it comes to being the under-18s rep. So vote for me to be the next under-18s rep for the Young Liberals.
