

SAM CUMBER FOR INTERNATIONAL COMMITTEE

ABOUT ME

I am running to be Young Liberals' strong voice on the international stage. I have been the chair of London Young Liberals, where I have been leading my executive, working on creating social events and action days. During this time, I have been a trusted and reliable member who has always contributed and always get things done! I want to lead on important issues that affect young elected politicians globally such as mental health and freedom of speech. I have used my experience as a local councillor and this past year within IFLRY and LYMEC and I want to build on that and use those experiences in the International Committee such as holding the bureaus accountable and feeding back to the international officers.

MY EXPERIENCE

- International guest for Young Liberals of Norway congress 2024, building my first international relations.
- LYMEC digital assembly delegate for Winter & Summer 2025. In charge of feeding back to the co-international officers.
- Chair of LYMEC's Civil, Minority and Democratic Rights working group where I am working on a resolution for congress about AI harming minority groups for the upcoming congress.
- IFLRY General Assembly delegate for Spring 2025. Questioned the bureau, took minutes and debated policy.
- IFLRY Wellbeing seminar participant and program member.
- I can speak French at a B2 level and Norwegian at an A1 level.

MY PLAN

1. INTRODUCE

Create guides to help members enter and understand the world of international youth politics. I want to share my story and use it to help others become more involved and work towards international politics becoming more inclusive.

2. CREATE

Working with the international officer to help create resolutions for congresses/ general assemblies. *I am working on one at the moment on AI!*

3. BUILD

Use my foreign language skills to build relations with our partners at LYMEC and IFLRY. I want to create a network of young elected politicians like myself to understand their challenges and use my experience from IFLRY's wellbeing seminar.

4. PROMOTE

Lead in creating interesting content for social media, highlighting our good work on policy during the congresses that we have done such as on Gaza and trans athletes.

"Sam is kind, considerate and full of energy. He asks the right questions, learns openly and brings a strong commitment to inclusivity and representation. He will be a valuable voice on the international committee"
Salpi Özgür - IFLRY Co-manager Pool of Trainers & ex International Officer of 3H Movement (Turkey)
