

Arthur & Christina:

Your #1 Ticket for YL International Officer

Back to Basics: Putting Members First

We believe the heart of YL is its members. Every decision we take will focus on supporting, engaging, and empowering members, not just institutions or individuals at the top. That core belief is at the heart of why we're standing to be your next International Officers.

Unrivalled Experience and a Fresh Perspective

Arthur and Christina are candidates who bring both unrivalled experience in YL International affairs, alongside fresh perspectives on how YL International can work better for our members.

Opening Doors for our members: International opportunities shouldn't just be for a select few. From study trips abroad to exchanges and events with sister parties, we'll make sure more YL members can benefit from the global networks we're connected to.

Diversity & Empowerment: We'll make sure international opportunities aren't just about attendance but about growth. By tailoring support and mentoring, we'll help members build confidence, gain skills, and develop personally through international experiences and training.

Fund Smart, Fund Fair: Fundraising is our biggest challenge. We'll build a stronger base through small-donor and monthly giving, fundraising socials like quizzes, karaoke, film & pizza nights, and by selling low-cost items like tote bags.
