About Cori:

I'm 18 and on a gap year before studying Psychology with mental health next year.

At sixth form I led two societies, gaining valuable teamwork experience.

I have experience campaigning, including delivering, canvassing and being involved with successful Action Days.

My Promises:

Dedicating my gap year, skills and energy to YL

Engaging secondary school voters alongside uni students

Supporting officers with a fresh perspective

I helped run the first Lib Dem stand at Banbury Pride, including running petitions on banning LGBT+ conversion therapy and supporting LGBT+ refugees.

At federal conferences I have attended training sessions on campaigning on policies aimed at young people, Meta advertising and election law.

I have volunteered in the Oxfordshire Lib Dem office for many years where I have learnt Connect, data and campaign organiser skills.
