## Has Proven Success, Will Bring More

“ This past year as London YL Chair I've been building connections and fundraising for London YL events, to much success. This is from individual donors, and from Affiliated Organisations (AOs).

Much of this potential money has been held off due to only being a regional organisation and having no need for excess funds, however as Fundraising Officer I will use these connections to greatly improve our income, and ensure finance can finally stop being a recurring issue.

”

## BACK TO BASICS

- ◆ Create clear message for donors to buy into
- ◆ Expand and build upon existing connections
- ◆ Bring money so we can be more ambitious!

### Who is Johan?

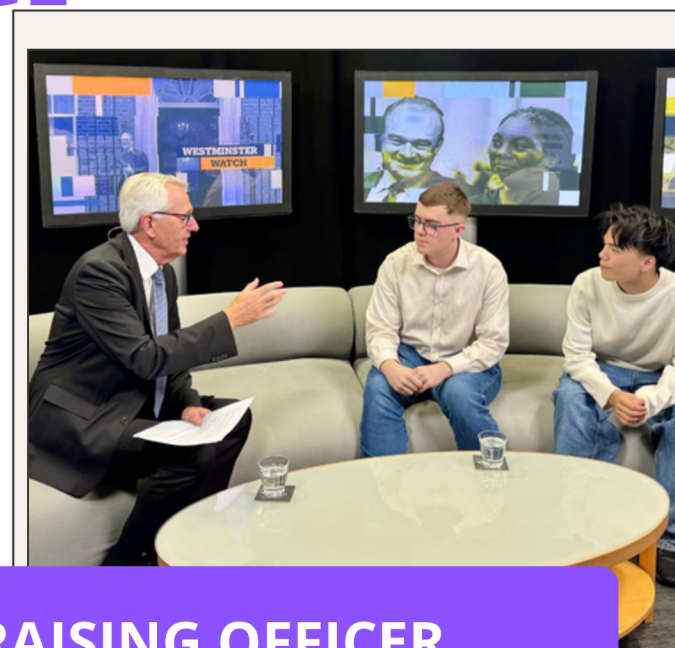

I joined the Young Liberals when I was 15 and was elected as Under-18s representative. To find out about the organisation I attended an Executive meeting, and even then we were held back by a lack of money. This needs to end.

I have gained experience through being London YL Chair, a member of YL Policy Committee and a member of London Regional committees. This experience gives me the tools to be able to end these financial problems and give us the freedom to truly invest into young people.

## JOHAN IS THE CHOICE FOR CHANGE

- ✓ Results in London
- ✓ Years of Experience
- ✓ Vision for the future
