

Maisie Kiff For Fundraising Officer

Want to get in touch? Contact maisie4dorset@gmail.com

I am standing for this role to help strengthen and expand fundraising across Young Liberals, ensuring we have the resources needed to support campaigns, events and member-led projects.

As Regional Chair of Western Counties, I have experience coordinating fundraising activity and events at both local and regional level. I have worked closely with local parties, MPs, councillors and supporters to organise successful events and build relationships across the party.

Alongside my regional role, I have experience serving on executive committees at both local and regional level, as well as contributing to event planning within both Young Liberals and local party structures. This has given me a strong understanding of governance, organisation and the importance of ensuring officers have the information and support they need to fulfil their responsibilities effectively.

If elected, I will focus on delivering practical fundraising opportunities, supporting regions and local groups to raise funds, and strengthening engagement with members, elected representatives and donors to help Young Liberals thrive.
