Harlow Local Party Executive Officer 2015–2025

With Will, We Will

1. Build An Exec That Lasts Beyond Their Term

While terms last one year, the execs' impact shouldn't. I will put the structural and administrative processes in place to enable the organisation to hit the ground running every single year.

2. Love Local Parties

Building on 10+ years of experience on my local executive, I will nurture the relationships with local parties to increase fundraising revenue and connect with new members who don't join through university societies.

3. Turn Friends of YL Into a Force For YL

I will develop Friends of YL into a real fundraising and engagement tool, ensuring the wider party play a bigger role in supporting our work. As well as connecting states, branches and societies to their local allies.

4. Deliver A Better Offering for Our Under 18s

I will push to make more spaces open to under-18s and expand conference activities tailored for them. Our youngest members deserve a welcoming, safe space and a meaningful role in shaping YL from the very start.

5. Develop a Bridge to the Board

Drawing on six years of experience working with senior leaders in the tech sector, I will use my professional expertise to be a strong advocate for our members at the top level of the party.

Why We Support Will

Victoria Collins MP

"Will's hard work and commitment are clear. His long-term vision for how YL can be a growing force for change and a strong voice for young people, at all levels, is inspirational. I think he'll make a great Chair for the Young Liberals."
