

VOTE STEPHEN ROBINSON
For YL Honorary President

Dear friends,

I was honoured to be asked by Will Tennison to put myself forward to be YL President. It's many years since I set up a university branch and served on the national committee of our youth wing. But I haven't forgotten how important it is to provide a warm and supportive welcome to everyone who shows an interest in the Liberal Democrats.

I hope my many years of service to the party in various roles will be useful to YL if you elect me as your President.

Stephen

Housing is a right

We need to keep up the pressure within the party to ensure that our policy passed in Autumn Conference 2023 doesn't get forgotten. I was very proud to work with the then-Chair of YL to write the famous "Amendment One" to keep a national housing target. I was delighted to be able to "doorstep" Ed Davey wearing my YL shirt and remind him how important it is! If I am elected as your President, I would back YL efforts to help set the policy agenda for the wider party.

My Plan For YL:

- 1) Support YL to grow in local branches as well as at universities.
- 2) Mentor YLs who want to be future councillors, group leaders (or MPs).
- 3) Help YL to play a full role in the wider party.
