

BODEN DUDLEY
Candidate for EYL Yorkshire & Humber Regional Chair
"PASSION, PROGRESSION, PERSEVERANCE"

WHO AM I?
My name is Boden Dudley from Huddersfield, West Yorkshire. I have been a proud supporter of the Liberal Democrats since 2019, a party member since 2022, and I currently serve as the EYL Regional Chair for Yorkshire & the Humber.
Throughout the last three years, I have been an avid and passionate local activist—helping my local councillors all year round and coordinating local election campaigns. I am also currently organising an intensive member recruitment drive across the Colne Valley constituency.
I wish to continue my enthusiasm for campaigning and dedication by serving as your Regional Chair for Yorkshire & the Humber. It is a role I am deeply honoured to hold, and I am confident that we can take our region forward and engage more young people by remaining present, active, and highly vocal!

MY PLAN

- Digital Mobilisation: Galvanise support among young people through targeted and creative social media strategies across all major communication platforms.
- Local Engagement Events: Schedule regular, dedicated events for young people, ranging from local action and campaigning days to freshers' events and open Q&A sessions. This ensures our youth build a positive, lifelong relationship with the party.
- Campus Presence: Increase visibility and structural presence inside colleges and universities, ensuring we directly engage students right where they are.
- Amplifying Regional Voices: Attend local conferences and regional events to actively amplify youth voices across Yorkshire and the Humber. It is vital that our region and its young people are clearly heard!
- Uniting the North: Work closely with fellow Northern Regional Chairs to UNITE THE NORTH through regular collaborative socials, cross-regional campaigns, and joint events.
