

Hello, I'm Prem, and I am running to be **your** next EYL Communications Officer! I am currently a Mathematics and Statistics Student at Durham University, and am your current Communications Officer for Federal YL.

I am seeking to run, to not quite let go of the Campaigns and Communications Committee (which I have been on since 2024!), and taking a step back from a Federal Exec role, whilst coming with new propositions.

Therefore, I pledge to you:

- Decentralisation of Comms - during my Comms Officer role, I realised that way too much comes to the federal Comms Officer, where in reality, it can be done on a state or region level. Therefore, I propose to make EYL use their own regional accounts to create regional-specific content.
- The Lost Email Problem - often, social media accounts get lost, for both branches and regions. Therefore, I propose to investigate how we can fix this issue, and lead to better continuity.
- General support for EYL Regions in their content on social media, as well as any other medium of communication.

[1] Prem Raghvani, for English Young Liberals Communications Officer

Accompanied by a photo of myself, with the words "It's a me!" pointing to it.
