

BRYN FOR POLCOM

WHY ME?

An Experienced Policy Writer

Not only have I submitted many a policy motion and amendments to YL conference, I also study policy making in my degree, Social Policy & Politics, at Bristol Uni.

Taking YL Policy Further

The purpose of policy committee should always be to take YL policy to the federal party to seek its national adoption. YL is and must remain a force for progress in the wider party.

Promoting policy making diversity in YL

I will continue to build on the positive work completed by previous policy committees and officer to drive greater diversity among those who table policy motions at YL conference.

My Record

I am the Secretary for the University of Bristol Liberal Democrats where I have successfully built upon our social media following and promoted diversity among both our membership and committee. This successful record is one I will continue if elected to policy committee.
