

INSPIRE, ADVOCATE, ELECT

SARAH FOR CHAIR

Inspire

1

I would deliver a stronger membership offering with socials and training

- A mentoring scheme for young people underrepresented in politics
- Reconnect exec with our branches and deliver a stress free freshers
- Networking opportunities for young professionals and party staffers

2

Advocate

I have experience representing young people's views to senior stakeholders

- Go beyond a manifesto to develop a set of campaign priorities for the year to take to Federal Board
- Work across the party and beyond it with campaign organisations and international groups

Elect

3

I am a committed campaigner, with experience building teams in Tory and Labour facing areas

- Grow a Young Liberals campaign fund and transform future forward into a comprehensive support programme
- Focus on regular, sociable campaigning for MPs and young candidates – rather than random action days

Experience

2025–present

- YL HVP and Gender Diversity Working Group co-chair
- LD Education Association interim chair

2024–25

- Cambridge SU President
- YL Communications Officer
- Cambridge University Liberal Association Secretary

Getting involved in YL should be a fun way to grow and develop within the party before moving on to bigger and better things, but too often we let YL volunteer work consume our lives without a sense of perspective. I would **bring back the fun!**
