

ULYSSE ABBATE FOR HVP

Important note: I currently work for the Party, but that role is separate to this HVP role, and for clarity, YL members should not expect any overlap between both roles.

MY OFFER

Young Liberals have so much to offer Lib Dems in Westminster - from campaigning skills to formal employment. I know how Westminster and Parliament works, and as HVP I will work to ensure the YL-Westminster links are strong.

As HVP, I will focus on supporting members and the executive with three things:

1. Understanding how to best and appropriately **engage with Parliamentarians**, making sure everyone knows the principles behind reaching out with realistic, efficient and tangible outcomes
2. Helping you find that starting **job in the political capital** of the country, convening Lib Dem Young Professionals to give advice.
3. Understanding how the **party in Westminster functions**, whether that be the different offices, the priorities of the party or other relevant information
