

Elsie for WYL Vice- Chair

I am from Radnorshire and joined the Welsh Lib Dems in 2023. I also currently study Politics at the University of Warwick

MY AIMS

- Support New and Current Members – I want to work closely with constituency and university branches to ensure that their young members feel supported.
- Rethinking Welsh Liberalism – Coming off of the back of disappointing Senedd results for the Liberal Democrats, I would argue for an overhaul of WLD campaign strategy and manifesto ideology in future elections.

MY EXPERIENCE

- I am on the executive committee for the University of Warwick Liberal Democrats, where I serve as the Welfare Officer and the Secretary.
- I am a experienced campaigner including delivering, canvassing, and Action Days, and using Connect/MiniVAN
- I have been selected as a LYMEC candidate for future international opportunities with Renew Europe, where I hope to promote the Welsh Young Liberals abroad!
